

VESS CALL FOR ABSTRACTS 2019

2019 Call For Abstracts

The Vascular and Endovascular Surgery Society (VESS) is now accepting abstracts for their 43rd Annual Meeting to be held **January 31—February 3, 2019** at the **Snowbird Resort in Snowbird, UT**. Abstracts should have the following characteristics:

- Original, significant scientific work
- Major updates and/or significant follow-up on established procedures and/or research
- Additional definition of previous studies that modify, in a major way, an understanding of techniques or technologies

Submission Categories

Abstracts accepted for presentation will be allotted 7-minutes for presentation, followed by 4-minutes for audience questions and discussion. Case reports and rapid fire presentations are allowed 4-minutes, followed by 3-minutes of Q & A. Please Note: Time allotments are subject to change based on the final program. The VESS accepts the following papers:

- Standard Papers
- Case Reports
- Rapid Fire Presentations

Submission Instructions

Abstracts must be submitted electronically via the VESS website (www.vesurgery.org). **All online submissions must be completed by Thursday, September 6, 2018 at 11:59 pm (EDT)**. Abstracts must be authored, co-authored or sponsored by a member of the VESS. Work must not have been previously presented or published elsewhere.

MAXIMUM WORD COUNT: 300 words

MINIMUM WORD COUNT: 50 words

LANGUAGE: English only

IMAGES/TABLES: 25 word penalty – maximum of three (3) images/tables/graphs

CONTENT: No reference can be made to authors or institution within the abstract body; title should be Title Case; do not bold or underline words; after acceptance, only changes to the title and author block will be accepted (if made by the given deadline)

FORMAT: Introduction/Objectives
Methods
Results
Conclusion

Manuscript Submission Requirements

Acceptance of a standard paper by the Program Committee for presentation at the Annual Meeting signifies the author(s) acknowledges the requirement to submit a full manuscript by February 6, 2019 for consideration to the Annals of Vascular Surgery and will comply. Authors who indicate at the time of submission that they plan to submit to Annals of Vascular Surgery and fail to do so will be prevented from presenting at future VESS meetings for a period of two years. Case reports and rapid fire presentations are exempt from this requirement, but are encouraged to submit manuscripts for consideration. Presentation at the VESS Annual Meeting does not guarantee acceptance by the journal.

Disclosure Requirements

One of the founding principles of the VESS is the acknowledgment of interaction between industry and surgeons to facilitate rapid development of technology for vascular surgery and the treatment of vascular disease. VESS does not object to that relationship, but requires that all those submitting abstracts and presenting papers disclose financial or consulting relationships. The need for disclosure extends to unrestricted laboratory grants. In addition, off-label use of an FDA-approved product or any use of a non-FDA approved device must be disclosed. When you submit an abstract, you will be required to provide disclosure information for all authors.

Military Vascular Surgeons

We are looking to inform and educate our members and meeting attendees on the specialty of vascular surgery as it pertains to patients in the military/ combat situations. Please let us know if the research in your abstract is a result of your military training and/or experience.

About VESS

The Vascular and Endovascular Surgery Society (VESS) – formerly the Peripheral Vascular Surgery Society, founded 1976 – is a national society with over 1,000 members and a 40+ year history dedicated to issues most germane to the young vascular surgeon. The mission of the VESS is to improve the science and art of vascular surgery and endovascular therapies and to provide interchange of medical knowledge and information. Active membership is limited to the first 15 years after fellowship training. Members strive to promote basic and clinical research that directly improves outcomes for our patients. The structure of the Society and the meetings are conducive to developing long-term relationships. Relationships are built and grown with colleagues, friends, mentors, trainees and our industry partners.

The Annual Meeting is the leading forum for face-to-face interaction with young vascular surgeons who represent the future of our specialty. Senior leaders in vascular surgery have the opportunity to mentor junior partners and trainees. Many VESS members are already key opinion leaders. The atmosphere at the Annual Meeting recognizes the extraordinary contribution industry provides to the ever changing field of vascular surgery with new devices, technologies and therapies.
