

# Vascular & Endovascular Surgery Society

45<sup>th</sup> Annual Meeting \* January 21-24, 2021

INDUSTRY SPONSORED VIRTUAL SYMPOSIA

Thursday, January 21 / 3:45pm—4:00pm MST

## Lightning Intelligent Aspiration in My Practice

Join us as Dr. Kreienburg discusses his technique with Penumbra's latest Lightning Technology:  
*The Next Generation of Thrombus Removal.*

Speaker: **Paul Kreienburg, MD**  
Albany Medical Center

Thursday, January 21 / 6:00pm—6:30pm MST

## Risk Mitigation of Post-operative Complications - Vascular Surgery Groin Incisions

*This session will focus on Complex groin incisions and reconstruction; Options for treating dehiscd incisions & Challenges of the morbidly obese patient.*

Speakers: **Mark Conrad, MD**      **Shang Loh, MD**      **Misty Humphries, MD**  
Mass General                      SUNY Stony Brook                      UC Davis

Thursday, January 21 / 6:30pm—6:45pm MST

## How to Accelerate Your Research Career

*At the conclusion of this presentation, the attendee will: Understand the advantages of including research (either clinical, pre-clinical, or both) into your vascular practice; Appreciate how to strategize to ensure that your work is viewed as "impactful"; Develop a plan and timeline to gain experience in publishing and presenting clinical data and findings*

Speakers: **Michael R Jaff, D.O.**                      **Ronald L. Dalman, MD**  
Chief Medical Officer                      Walter Clifford Chidester & Elsa Rooney Chidester  
Vice President                                      Professor of Surgery  
Clinical Affairs, Technology & Innovation      Stanford University  
Peripheral Interventions  
Boston Scientific Corporation

# Vascular & Endovascular Surgery Society

45<sup>th</sup> Annual Meeting \* January 21-24, 2021

INDUSTRY SPONSORED VIRTUAL SYMPOSIA

Friday, January 22 / 9:00am—9:15pm MST

## Critical Limb Ischemia: Current and Future

### Treatment Options for Treating Below-the-Knee Disease

*This session will focus on Current data for patients with Critical Limb Ischemia; Thoughts about Critical Limb Ischemia (CLI); Current treatment algorithms and Emerging technologies for CLI patients*

Speaker: **Brian DeRubertis, MD**  
UCLA Medical Center

Friday, January 22 / 9:15am—10:00am MST

**MUST PRE-REGISTER THROUGH THE JANSSEN PORTAL**  
**SEPARATE LOG ON REQUIRED**

[Log on to www.ThrombosisMeeting.com](http://www.ThrombosisMeeting.com)

## Reduction in the Risk of Major Cardiovascular Events in Patients With Chronic CAD or PAD (ABV)

*Patients with chronic coronary artery disease (CAD) or peripheral artery disease (PAD) are at risk for major cardiovascular events, including cardiovascular death, myocardial infarction, and stroke. This lecture will discuss an approach to reducing the risk of these events.*

Speaker: **Todd Berland, MD**  
Associate Professor of Surgery  
Director, Outpatient Vascular Interventions  
Department of Surgery, NYU Langone Medical Center

# Vascular & Endovascular Surgery Society

45<sup>th</sup> Annual Meeting \* January 21-24, 2021

INDUSTRY SPONSORED VIRTUAL SYMPOSIA

Saturday, January 23 / 10:00am—10:45pm MST

## Panel on Implicit Bias

*You will be introduced to the concept of unconscious bias and how it can impact patient care. This panel discussion will address how unconscious bias manifests itself in the daily life of a Vascular Surgeon and in the field of Vascular Surgery at large (patient selection, research, collaboration, training, podium, networking, opportunities, etc.)*

### Speakers:

**Jean Starr, MD**

Medical Safety Officer  
Medtronic

**Jeannie Ruddy, MD**

Associate Prof of Surg  
MUSC

**Vikram Kashyap, MD**

Chief, Div of Vasc Surg  
Case Medical Center

**Christine Shokrzadeh, MD**

Assistant Professor  
UTMB

Saturday, January 23 / 3:30pm—3:45pm MST

## The New Treo Abdominal Stent-Graft: From Features to Clinical Practice

*This is a full overview of the new, recently FDA approved TREO Abdominal Stent Graft Device. Dr. Sharafuddin will provide an overview of the technical features, major clinical evidence, and real-world case experience*

### Speaker:

**Mel Sharafuddin, MD, MS**

Clinical Professor of Surgery - Vascular Surgery  
Clinical Professor of Radiology  
University of Iowa College of Medicine

Saturday, January 23 / 3:45pm—4:00pm MST

## TCAR – Pursuit of the Gold Standard

*This session will focus on ROADSTER 2 study results published in the latest edition of the American Heart Association's Journal, Stroke' Updated VQI Data published in the Annals of Surgery & Building a TCAR practice*

### Speaker:

**Nathan J. Aranson, MD**

Vascular Surgeon  
Maine Medical Center
