46th Annual Meeting

JANUARY 27-29, 2022
MARriott VIEWLiNE RESORT • SNOWMASS, CO

2022 MEETING BROCHURE
ANNUAL MEETING

The Annual Meeting of the Vascular and Endovascular Surgery Society (VESS) brings together internationally recognized, fellowship-trained vascular surgeons. The VESS remains the only national vascular organization devoted to young vascular surgeons and trainees.

The VESS provides the premiere forum to promote the field of vascular and endovascular surgery through education, advocacy and leadership. The objective of this comprehensive Annual Meeting is to provide those attending with the knowledge of current thinking in effective clinical management of vascular disorders and insight into the future directions from critical analysis of investigative findings. The program consists of standard papers, rapid fire papers and case reports to review challenging clinical issues.

DATES & LOCATION

The 46th Annual Meeting of the Vascular and Endovascular Surgery Society will be held January 27-29, 2022 at the Marriott Viewline Snowmass Resort in Snowmass, CO. The resort is in the heart of Snowmass Village, near the town of Aspen and Aspen/Pitkin Airport (ASE) and 4 hours from Denver International Airport (DIA).

COVID-19 MANDATES

We understand that a degree of uncertainty exists around traveling and attending in-person events because of COVID-19. We are closely monitoring the situation and working with the Marriott Viewline Snowmass Resort to ensure the safety of everyone attending. At this time, proof of vaccine is required to attend all VESS sessions and functions.

RELEASE OF LIABILITY: By attending the VESS Annual Meeting in-person, you are aware of the possibility of being exposed to/and or contracting COVID-19 and agree to accept this risk and fully release VESS from any claims, injuries or expenses resulting from attendance.

TARGET AUDIENCE

The Society uniquely serves the young, fellowship-trained vascular surgeon. The Annual Meeting attracts vascular surgeons, fellows, residents, medical students and allied health professionals from across the country and abroad.

LEARNING OBJECTIVES

This activity is designed for vascular surgeons and health care workers involved in the management of patients with vascular disease. Upon completion of this course, attendees should be able to:

- Understand outcomes of the use of “large diameter” aortic endografts
- Evaluate the utility of surgical deep vein arterialization in treating critical limb threatening ischemia
- Understand the effect of market competition on treatment of asymptomatic carotid disease
- Review the efficacy of a retrograde approach for treating mesenteric ischemia
- Assess the effect of concomitant and isolated venous injury in military lower extremity trauma
- Quantify the role gender plays in outcomes following complex endovascular aortic repair
- Analyze the types of adverse events associated with the Vici and Venovo venous stents
- Understand the effect of paclitaxel-coated devices on amputation and mortality rates following use in patients with peripheral vascular disease
- Review the utility of drug-coated stents in treating renal artery stenosis in transplanted kidneys
- Review the effect of gun violence with vascular injury in a pediatric population

CME CREDITS

CME credit will be provided for this educational activity. The final number will be posted on the VESS website (www.vesurgery.org) once approved.
REGISTRATION

2022 ANNUAL MEETING
Registration is currently open for the 2022 Annual Meeting. The deadline for early bird registration is Friday, December 17, 2021. All registrations must be completed by Friday, January 14, 2022 when registration for the Annual Meeting closes.

REGISTRATION FEES

CANCELLATION POLICY

If written notice of cancellation is received by Friday, January 14, 2022, any registration fees paid, less a $50 administrative fee, will be refunded after the meeting. No refunds will be issued after this date.

Register online at www.vesurgery.org!
HOTEL INFORMATION

NOTE: The VESS is aware of the limited amount of hotel rooms available at the Marriott Viewline Snowmass Resort and Wildwood Snowmass. Both hotels have been closed for renovations, making it difficult to speak with the necessary representatives. We are actively trying to get additional rooms added to our blocks. If you are unable to book a room at either of these hotels, please send us an email and we will provide alternative hotel options.

MARRIOTT VIEWLINE SNOWMASS RESORT
The VESS has secured group discounted room rates at the Marriott Viewline Snowmass Resort.

<table>
<thead>
<tr>
<th></th>
<th>KING</th>
<th>QUEEN</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$359.00</td>
<td>$379.00</td>
</tr>
</tbody>
</table>

To book your reservation and guarantee the group rate contact the Marriott Viewline Snowmass Resort at 800-525-9402. After this deadline, or if the VESS block of rooms sells out prior to the above mentioned deadline, availability and rates cannot be guaranteed. Please mention the VESS 2021 Annual Meeting to ensure the discounted rate.

We strongly recommend making your reservations as early as possible. We anticipate selling out of our discounted rooms early.

MARRIOTT VIEWLINE SNOWMASS RESORT CANCELLATION POLICY: A deposit equal to the full value of the reservation (room rate + resort fee + tax) will be charged 30 days prior to arrival. There is no cancellation penalty if cancellation is received by hotel at least 30 days prior to arrival and a cancellation number is obtained. Cancellations or modifications resulting in a shorter length of stay, made within 30 days of arrival will be subject to full forfeiture of room and tax charges.

ADDITIONAL LODGING - WILDWOOD SNOWMASS
Explore our fun, retro Snowmass hotel, located in the Westin/Wildwood Snowmass Resort complex, adjacent to the slopes of Snowmass Mountain and the Snowmass Village Mall. Wildwood Snowmass offers a hip mountain lifestyle with a cool retro design, cozy rooms and all the necessary amenities. Kick back poolside, soak in the outdoor hot tubs, get fit in our onsite fitness center and hang with friends at the Wildwood Bar. It’s the most unique and fun hotel in Snowmass Village.

To book your reservation and guarantee the group rate contact the Wildwood Snowmass at 970-923-8400.

WILDWOOD SNOWMASS CANCELLATION POLICY: A deposit equal to the full value of the reservation (room rate + resort fee + tax) will be charged 14 days prior to arrival. There is no cancellation penalty if cancellation is received by hotel at least 14 days prior to arrival and a cancellation number is obtained. Cancellations or modifications resulting in a shorter length of stay, made within 14 days of arrival will be subject to full forfeiture of room and tax charges.
TRAVEL INFORMATION

SNOWMASS, COLORADO
Snowmass Ski Area and Village is the second-largest ski resort in Colorado and the largest of the four mountains that make up the Aspen Snowmass resort, with 4,406 feet of vertical rise and 3,332 acres of parks, pipes, groomers, glades, cliffs and steeps. Snowmass is a mountain loved by many for its variety of terrain, uncrowded slopes, and abundance of ski-in, ski-out lodging. Off-mountain, Snowmass offers a wealth of winter activities such as cross country skiing and dog sledding, and a slope-side Village brimming with restaurants and shops.

AIRPORT

ASPEN-PITKIN COUNTY AIRPORT (ASE)
- Hotel Direction: 8 miles E
- Airport Shuttle Service: Reservation required, complimentary for Marriott Viewline Snowmass Resort guests (Monday-Sunday: 6:00 am - 11:00 pm)
- Shuttle Phone: 970-923-8200
- Alternate Transportation: Private car service fee: $60 USD (one way)
- Estimated Taxi Fare: $60 USD (one way)

EAGLE COUNTY AIRPORT (EGE)
- Hotel Direction: 70 miles N
- Shuttle Service: The Marriott Viewline Snowmass Resort does not provide shuttle service.
- Estimated Taxi Fare: $350 USD (one way)

DENVER INTERNATIONAL AIRPORT (DEN)
- Hotel Direction: 220 miles E
- Shuttle Service: This hotel does not provide shuttle service.
- Estimated Taxi Fare: $450 USD (one way)
SCIENTIFIC PROGRAM

Thursday, January 27, 2022

7:00 am – 8:00 am
Continental Breakfast

7:00 am – 5:00 pm
Registration

7:30 am – 12:15 pm
VASCULAR FELLOW PROGRAM
Moderator: Venita Chandra, MD

7:30 am – 12:15 pm
GENERAL SURGERY RESIDENT PROGRAM
Moderator: Gabriela Velazquez, MD

7:30 am – 2:00 pm
STUDENT MENTOR PROGRAM
Moderator: Nathan Orr, MD

12:15 pm – 12:45 pm
Lunch Break

12:45 pm – 3:45 pm
TECHNOLOGY FORUM – DIDACTIC & HANDS-ON
Moderator: Mounir Haurani, MD

4:00 pm – 6:00 pm
SCIENTIFIC SESSION I
Moderators: Jason Lee, MD & Karan Garg, MD

4:00 pm – 4:12 pm
1. Psoas Muscle Area as a Prognostic Factor for Survival in Patients Undergoing EVAR Conversion
   Chris Jacobs, Salvatore Scali, Amanda Filiberto, Kyle Staton, Scott Robinson, Michol Cooper, Martin Back, Gilbert Upchurch, Thomas Huber - University of Florida, Gainesville, FL

4:12 pm – 4:24 pm
2. Drug-Eluting Stents are Associated with Good Mid-Term Outcomes for the Treatment of Failing Infrapopliteal Bypass Grafts
   David Stonko¹, Rebecca Sorber¹, Sarah E. Deery², Yaşaman Kavousi¹, James H. Black III, Ying Wei Lum¹, Bruce A. Perler¹, Christopher J. Abularrage¹, Caitlin W. Hicks¹ - ¹Johns Hopkins, Baltimore, MD; ²Maine Medical Center, Portland, ME

4:24 pm – 4:36 pm
3. Comparison of Transcarotid Artery Revascularization and Transfemoral Carotid Artery Stenting Outcomes among Symptomatic and Asymptomatic Patients Based on Lesion Calcification
   Jerry Zhu¹, Ajit Rao², Windsor Ting¹, Daniel Han¹, Ramī Ṭadros², David Finlay³, John Phair³, Ageliki Vouyouka³, Michael Marin³, Peter Faries¹ - Icahn School of Medicine at Mount Sinai, New York, NY; ²The Mount Sinai Hospital, New York, NY

4:36 pm – 4:48 pm
4. Renal Artery Stenosis Due to Entrapment
   Dongjin Suh, Victor Hatcher, John Muñóñer, Mel J. Sharafuddin - University of Iowa, Iowa City, IA

4:48 pm – 4:56 pm
5 (RF). Statin Use Reduces Mortality in Patients Who Develop Major Complications after Transcarotid Artery Revascularization
   Heepeel Chang¹, Muhammad Zeeshan¹, Carson B. Rockman¹, Frank J. Veith¹, Igor Laskowski¹, Vikram S. Kashyap¹, Glenn R. Jacobowitz¹, Karan Garg¹, Mikel Šadek¹, Thomas S. Maldonado¹ - ¹Icahn School of Medicine at Mount Sinai, New York, NY; ²New York University Langone Medical Center, New York, NY; ³University Hospitals Cleveland Medical Center, Cleveland, OH

4:56 pm – 5:04 pm
6 (RF). The Effect of Socioeconomic Status on Amputation Outcomes and Limb Salvage Interventions
   Tyler Buckley, Ahsan Zil-E-All¹, Ryan King¹, Ravi Veeraswamy¹, Faisal Aziz², Elizabeth Genovese¹ - ¹Penn State Health, Hershey, PA; ²Penn State College of Medicine, Hershey, PA
Friday, January 28, 2022

6:00 am – 7:00 am
Continental Breakfast

6:00 am – 9:30 am
Registration

7:00 am – 9:04 am
SCIENTIFIC SESSION II
Moderators: Gabriela Velazquez, MD & Matthew Smeds, MD

7:00 am – 7:12 am
12 The Use of Paclitaxel-Coated Devices in the Treatment of Peripheral Arterial Disease is not Associated with Increased Mortality or Amputations
Evan Bair, Gregory G. Salzler, Beau McCarver, Shengxuan Wang, Benjamin Greif, Matthew Major, Evan J. Ryer, James R. Elmore - Geisinger Medical Center, Danville, PA

7:12 am – 7:24 am
13 Large Fenestrations Versus Scallops for the SMA During Fenestrated EVAR: Does it Matter?
Sabina M. Sorondo, Shernaz S. Dossabhoy, Kenneth Tran, Vy T. Ho, Jordani R. Stern, Jason T. Lee - Stanford Health Care, Palo Alto, CA

7:24 am – 7:36 am
14 Impact of Socioeconomic Status on Major Amputation in Patients with Peripheral Vascular Disease and Diabetes Mellitus
Rachel R. Fan, Andrew K. Gibson, Matthew R. Smeds, Emad Zakhary, Saint Louis University School of Medicine, St. Louis, MO; St. Louis Veteran Affairs Health Care System, St. Louis, MO; Clinical Epidemiology Center, Research and Development Service, St. Louis Veterans Affairs Health Care System, St. Louis, MO; Veterans Research and Education Foundation of St. Louis, St. Louis, MO

7:36 am – 7:48 am
15 Differences in Aortic Intramural Hematoma Contrast Attenuation on Multi-Phase CTA Predict Long-Term Aortic Morphologic Change
Charles Decarlo, Zachary Feldman, Brandon Sumpio, Arminder Jassar, Abhishek Mohapatra, Matthew J. Eagleton, Anahita Dua, Jahan Mheebali - Massachusetts General Hospital, Boston, MA
7:48 am – 7:56 am
16 (RF)
Analysis of Publicly Reported Adverse Events in the Vici and Venovo Venous Stent Systems
Yuchi Ma, James Dittman, Kedar S. Lavingia, Michael Amendola - Virginia Commonwealth University, Richmond, VA

8:24 am – 8:36 am
20
Endovascular Repair in Patients with Heritable Thoracic Aortic Disease
Julie R. Solomon, J. Westley Ohman, Alan C. Braverman - Washington University School of Medicine, St. Louis, MO

7:56 am – 8:04 am
17 (RF)
Real World Experience with the Human Acellular Vessel: A Bioengineered Implant for Arterial Repair that Expands Limb Salvage Options
Alexis L. Lauria1, Alexander J. Kersey1, Brandon W. Propper1, Paul W. White1, W. Darrin Clouse1, Daniel R. Calderon1, Todd E. Rasmussen1, Joseph M. White2 - 1Uniformed Services University of the Health Sciences and Walter Reed National Military Medical Center, Bethesda, MD; 2University of Virginia, Charlottesville, VA;

8:36 am – 8:48 am
21
Clinical Outcomes of a Diagnostic and Management Protocol for Popliteal Artery Entrapment Syndrome at a Large Referral Center
Amir Ghaffarian, Reginald Nkansah, Elina Quiroga, Nam Tran, Benjamin Starnes, Niten Singh - University of Washington, Seattle, WA

8:04 am – 8:12 am
18 (RF)
Novel Use of Trans-Carotid Revascularization System for Brachiocephalic Vascular Interventions
Viraj Pandit, Peter Nelson, Steven Vang, Kelly Kempe, Kimberly Zamor, William Jennings, Hyein Kim - University of Oklahoma, Tulsa, OK

8:48 am – 8:56 am
22 (RF)
Analysis of Concomitant and Isolated Venous Injury in Military Lower Extremity Trauma
Anne E. O'Shea1, Matthew Burgess2, David S. Kauvar1 - 1Brooke Army Medical Center, Fort Sam Houston, TX; 2US Army Institute of Surgical Research, Fort Sam Houston, TX

8:12 am – 8:24 am
19
Female Gender is Associated with Worse Outcomes Following Complex Fenestrated or Branched Endovascular Aortic Repair
Brendan Gontarz1, Ilene Staff2, Randall DeMartino2, Akhilesh Jain3, Rasheed Majeen4, Elizabeth Aitcheson5, Parth Shah5, Edward Gifford6 - 1University of Connecticut, Farmington, CT; 2Hartford Hospital, Hartford, CT; 3Mayo Clinic, Rochester, MN

8:56 am – 9:04 am
23 (RF)
Evaluating Neutrophil-to-Lymphocyte Ratio as a Predictive Tool for Post-Operative Outcomes in Patients Undergoing Open Lower Extremity Revascularization Procedures
Lily S. F. Adler, Emann M. Rabie, Samantha M. Shave, Anoop Alla, Saum A. Rahimi, William E. Beckerman - Rutgers Robert Wood Johnson Medical School, New Brunswick, NJ
9:30 am – 11:00 pm

INTERESTING CASE REPORT
SESSION 1
Moderator: Mark Conrad, MD

CR1
Paradoxical Arterial Embolization of a Missile via the Pulmonary Vein in a Pediatric Penetrating Trauma Patient
M. Libby Weaver, Phillip D. Jenkins, Faidah Badru, Kyle M. Staton, Thomas S. Huber, Moiz M. Mustafa, Samir Shah
1University of Florida, Gainesville, FL; 2University of Florida School of Medicine, Gainesville, FL

Practical Guide to Your First 3 Years
Friday, January 27, 2022
1:00 pm – 2:00 pm
Moderator: Jeanie Ruddy, MD

Learning Objectives:
• Identify and discuss unexpected stressors encountered by vascular surgeons in their first job
• Consider how professionalism, partnership and patient care influence the early years of vascular surgery practice
• Introduce concepts to establish wellness and balance in a surgical career

ASK THE EXPERT SESSION
Managing Complex Cases in Hemodialysis
Saturday, January 28, 2022
1:00 pm – 2:00 pm
Moderator: Brent Safran, MD

Learning Objectives:
• Stimulate discussion about the breadth of hemodialysis access options and how they can be utilized to meet the unique needs of our patients
• Demonstrate innovative techniques to maintain hemodialysis access for complex patients
• Achieve optimal patient-centric outcomes
ADDITIONAL PROGRAMMING

TECHNOLOGY FORUM
The 2022 Technology Forum will focus on broad vascular pathology and will showcase some of the best that industry has to offer. The emphasis of this program is for industry to provide insight into current and up-and-coming technology, as well as what treating physicians may see in the near future as it relates to developments in the pipeline. It will also provide opportunity for an intensive, hands-on experience in a small group format that provides a granular experience for the participating physicians. Note: This program is not eligible for CME credits. The Technology Forum is open to all registered attendees.

DATE: Thursday, January 27, 2022
TIME: 12:45 pm - 3:45 pm

VASCULAR FELLOWS PROGRAM
The objective of the 2022 Vascular Fellows Program is to educate graduating fellows on starting a career as a vascular surgeon. Recent topics have included negotiating contracts, billing and coding, social media and branding, how to be successful in an academic vs. private practice and recognizing/coping with burnout.

DATE: Thursday, January 27, 2022
TIME: 7:30 am - 12:15 pm

NEXT GENERATION MEDICAL STUDENT SYMPOSIUM
The 2022 Next Generation Medical Student Mentor Program will once again focus on providing medical students with a career interest in vascular surgery, a forum to see what we are all about. This symposium seeks to empower the next generation of medical students to experience the clinical challenges, technological innovation, translational research and fellowship that defines our important specialty.

DATE: Thursday, January 27, 2022
TIME: 7:30 am - 12:15 pm

GENERAL SURGERY RESIDENT VASCULAR INTEREST PROGRAM
We are excited to announce the launch of the first General Surgery Resident Vascular Interest Program, aimed to provide network opportunities to all general surgery residents who have an interest in pursuing a vascular surgery fellowship. The program will include topics of interest regarding fellowship application process, types of programs, academic and private practice, mentoring opportunities, research advancement and the unique VESS networking environment that will allow attendees to interact with other vascular fellows and residents, vascular surgery faculty around the country, as well as immersion to broad vascular pathology and industry technology.

DATE: Thursday, January 27, 2022
TIME: 7:30 am - 2:00 pm
SKI LIFT TICKETS

On behalf of our meeting attendees, special discounted rates for ski tickets have been secured through Aspen Ski Company. Tickets must be reserved in advance. There is no guarantee that discounted tickets will be available after the January 14 deadline.

If you plan to begin skiing before Thursday, January 27, please be sure to indicate this on the registration questionnaire. Arrangements will be made to have your lift tickets available in advance.

Children 6 and under ski free, but still require a pass to load lifts, so please include in your order.

Guests who purchase a multi-day ticket with 2-7 days have a 10-day window to use between January 24 – 30, 2022.
